

Newsletter March 2021

- Happy Birthday this month to Joan Johnson, Brian Wilson and Sue Hempsall.
- Did you know, if you have access to the internet, you can order your regular prescriptions online for free delivery to your home? Boots the Chemist and Lincolnshire Co-op are among the many who offer this service.
- Please continue to be vigilant, Lincolnshire Police are currently investigating a number of Distraction Burglaries which have recently taken place across the County. Always ask to see ID, don't let anyone inside your property you are not expecting or happy being there. Any suspicious persons or activity please call Lincolnshire Police immediately.
- We are pleased to let you know that we have been chosen to be one of the Nettleham Co-op's Community Champions for the next quarter, starting this month in March.
- We have received donations from two local Freemason's Lodges amounting to £450.00.
- We have also received a surprise donation of £100.00 from Mr. Norman Norris, the husband of our very own Maggie.
- It has now been nearly 12 months since we last met, who would ever have believed it would have been this long? Sadly, during this time, we have had to say goodbye to some much-loved members and as always, our love and support goes out to their loved ones.
- We are pleased to say that following the government's roadmap to recovery we are planning to hopefully reopen Buddies in September. Something to look forward to!
- Thought for the month -

Beautiful days do not come to you. You must walk towards them.
